

# ROTFUCHSEN'S BELT OF PERCEPTION

*Cornelya Rotfuchsen was a rogue. All attempts to eliminate her name from the collective memory failed. Even though only behind closed doors, her name is still mentioned today when it comes to justice and the protection of the poor and weak.*

To that day, the name of Cornelya Rotfuchsen is known in many places. Many years ago she caused a furor with a series of burglaries at the palaces and residences of the rich and powerful. The rogue stole a lot of valuable items and distributed them among the exploited population. In a creative way, she also focused attention on unjust conditions, even taking aim at the church of Helm. This finally sealed the fate of Cornelya Rotfuchsen. Through jealousy and betrayal, she fell into the hands of Helm's followers. After a short trial, her life came to a tragic end in the flames of the pyre.

Until her arrest, she was in possession of an item widely known today as "Rotfuchsen's Belt of Perception". It sometimes helped her to remain undetected during her activities. After Cornelya Rotfuchsen's execution, the item fell into the hands of the church of Helm.

**Attunement.** To unleash the power of the Rotfuchsen's Belt of Perception, it must be worn until the completion of a short rest.

**Permanent effect.** Rotfuchsen's Belt of Perception adds +3 to the wearer's passive perception and grants advantage on all perception checks.

**Rotfuchsen's spirit.** Should the equipped person take damage, they may stroke the belt buckle as a reaction to activate the spirit of Cornelya Rotfuchsen. When this happens, the damage is halved.

**Loadings.** Rotfuchsen's Belt of Perceptions has three charges. Each sunrise restores one of them. When all the charges are expended, roll a d20. On a result of 1 the Belt of Perception permanently loses its magical powers.
